

Selby Community Primary School Subject Knowledge Bank

Geography		Year 1	
Focus: Locality, UK countries, human and physical geography of the United Kingdom.			
Age related scientific vocabulary			
local area and community	A group of interacting people sharing an environment around the place where you live.	town	A built-up area that is larger than a village but smaller than a city.
map	A representation of a place. It shows where things are and helps to plan routes.	address	The place where someone lives or a business is found.
atlas	A collection of maps.	route	A way from one place to another.
aerial view	What somewhere looks like from above, looking down. Also known as a bird's eye view.	human feature	Things that are made or built by humans e.g. houses, roads, bridges.
city	The largest type of settlement, containing lots of buildings and lots of people.	physical feature	Anything that is on Earth naturally e.g. rivers, mountains.

Human features

Physical features

Key Knowledge
<ul style="list-style-type: none"> • A map can show you how to get from one place to another. An aerial photograph can provide more detail of the local area. • We all have an address for the place where we live. It has to be written in a certain way to make sure letters and parcels get to the right place. • When we walk to school we follow a route from where we live to school which may follow paths and roads. • We live in a town called Selby and we are part of the local community. • Selby is a town in England. • Selby has human features such as roads, bridges and houses. • Selby has physical features such as the River Ouse, marsh lands and low incline hills such Barlby Hill Top.
